### C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

Through analysis of the PHA's jurisdiction and waiting lists, the PHA believes that very low income families' and elderly persons are least well-served in the PHA's jurisdiction. The PHA intends, to the maximum extent practicable, to address community housing needs. The PHA efforts over the next year will center on addressing affordability and supply or housing resources.

#### (1) Strategies

**Need: Shortage of affordable housing for all eligible populations**

**Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:**

Select all that apply

- X      Employ effective maintenance and management policies to minimize the number of public housing units off-line
- X      Reduce turnover time for vacated public housing units
- X      Reduce time to renovate public housing units
- ☐      Seek replacement of public housing units lost to the inventory through mixed finance development

- ☐ Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- X Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- X Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- X Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- X Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- X Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- ☐ Other (list below)

**Strategy 2: Increase the number of affordable housing units by:**

Select all that apply

- X Apply for additional section 8 units should they become available
- X Leverage affordable housing resources in the community through the creation of mixed - finance housing
- X Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- ☐ Other: (list below)

**Need: Specific Family Types: Families at or below 30% of median**

## ADMISSIONS POLICY FOR DECONCENTRATION

### **J. DECONCENTRATION OF POVERTY AND INCOME-MIXING**

The PHA's admission policy is designed to provide for deconcentration of poverty and income mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects.

Gross annual income is used for income limits at admission and for income-mixing purposes.

Skipping of a family on the waiting list specifically to reach another family with a lower or higher income is not to be considered an adverse action to the family. Such skipping will be uniformly applied until the target threshold is met.

**The PHA will gather data and analyze, at least annually, the tenant characteristics of its public housing stock, including information regarding tenant incomes, to assist in the PHA's deconcentration efforts.**

The PHA will use the gathered tenant income information in its assessment of its public housing developments to determine the appropriate designation to be assigned to the project for the purpose of assisting the PHA in its deconcentration goals.

#### **Deconcentration and Income-Mixing Goals**

**Admission policies related to the deconcentration efforts of the PHA do not impose specific quotas. Therefore, the PHA will not set specific quotas, but will strive to achieve deconcentration and income mixing in its developments.**

#### **Project Designation Methodology**

The PHA will determine and compare tenant incomes at the developments listed in this Chapter.

The PHA will determine and compare the tenant incomes at the developments listed in this Chapter and the incomes of census tracts in which the developments are located.

Upon analyzing its findings the PHA will apply the policies, measures and incentives listed in this Chapter to bring higher income families into lower income developments and lower income families into higher income developments.

The PHA's goal is to have eligible families having higher incomes occupy dwelling units in projects predominantly occupied by eligible families having lower incomes, and eligible families having lower incomes occupy dwelling units in projects predominantly occupied by eligible families having higher incomes.

## **Aggregate Average Method**

**The PHA will review the annual resident income of all of its sites and using the incomes of all families in all developments as a baseline, determine the average income of all of its resident families.**

**The PHA will designate higher income developments those with average income above the aggregate average.**

**The PHA will designate lower income developments those with average income below the aggregate average.**

## **PHA Incentives for Higher Income Families**

The PHA will offer certain incentives to higher income families willing to move into lower income projects. The PHA will not take any adverse action against any higher income family declining an offer by the PHA to move into a lower income project.

In addition to maintaining its public housing stock in a manner that is safe, clean, well landscaped and attractive, the PHA will offer the following incentives for higher income families moving into lower income projects:

**PHA will allow occupancy standards of one child per bedroom. PHA will target homeownership opportunities to higher income families moving into lower income projects through the Monroe Homeownership Inc. Education and Training Program which provides assistance through the City of Monroe HOME funds (2% of down payments and all closing costs.)**

**PHA provides after school programs**

**PHA provides a child care facility on one site**

**PHA provides programs for youth**

**PHA provides training opportunities for adults**

## Section 2: PHDEP Plan Goals and Budget

### A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

**To improve the quality of life for all Monroe’s public housing residents (LA 6-1 through LA 6-14) with greater emphasis on the family developments (Burg Jones Lane, Miller Square, Robinson Place, Foster Heights, Johnson-Carver Terrace, and George Breece/Louis Lock), the incidence of drug-related crime must be reduced. The Monroe Housing Authority will continue operation “Weed & Seed” within a Community Policing Program as well as the “One Strike Your Out” program to attack the problems of drug-related crime. The Neighborhood (Community) Policing and Bicycle Patrols will continue to increase the interaction between police and residents and improve public safety and quality of life in the developments. In addition, the continuation of the Youth Computer Learning Program, which is based on HUD’s “Campus of Learners”, offers youth alternatives to drugs and drug-related crime.**
